

Kenya Evangelical Mission

Lois Osborne, Missionary to Kenya - October 2022

Dear Family and Friends,

God continues to bless KEM and is working in the ministry. Support has remained steady and we thank all of you for your prayers and giving.

Right now we are beginning to have drought so please pray with us that the October rains will come. Last rainy season we did not get rains and with food and petrol up more than 50%, all of us are struggling. Medicine has also gone way up so people are also struggling with medical needs.

The 2 new churches in Kangundo area are doing well. We thank God for people who are being saved. We have just made a new 3 minute video. Check it out at: <https://photos.app.goo.gl/qePugBTgwE8WhHrV8>

At one of the new churches where we were, the preacher preached on foundations. Then he asked three women if they wanted to dedicate their babies. Two women said yes. The third said, "Yes, but first I have to get saved myself." Wow, how exciting! We prayed with her right then and then held up each child and gave them to God! Our hearts rejoiced so much.

Continue to pray with us that souls will continue to be saved. We praise God for peaceful elections and the hand over to our new president. Please continue to pray for them as they work to fight corruption.

We appreciate all of you!!

Love,

Lois, Shad and Fitz

P.S. For name or address changes, or to receive this newsletter via email, please contact suegravino@gmail.com. To communicate directly with Lois, contact her at hoytholo@gmail.com
